## **AUTHORIZATION TO BWA WATER ADDITIVES UK LTD.**

Dear Mr. Shia,

I am pleased to inform you that BWA Water Additives, UK has been authorized to supply the following materials to our bottlers/contract packers within India & South West Asia Business unit.

Antiscalant for RO Flocon 260
 Membranes Flocon 135

Cleaner for RO Membranes Floclean - MC 3,

Flocide – 380

Further, please note that the above material supplied must meet the performance requirements.

The above authorization extends to your Company **Suviron Products Pvt. Ltd** which is the sole local agent / distributor for BWA Water Additives, UK and this authorization replaces all previous authorizations granted by Coca Cola India Pvt. Ltd.

This authorization status is valid for 3 years and will be reviewed anytime, on the basis of number / extent of quality issues experienced by our bottling partners

Any changes to the above material attributes will invalidate this authorization. The supplier is required to communicate to the Business Unit Supplier Authorization Manager any change to the manufacturing process or logistics operations that could potentially affect the quality or availability of the material or any major change in quality performance results.

This authorization also assumes that the supplier has read, understands and is in, and will remain in, compliance with all the requirements of the "Supplier Requirement-SU-RQ-005" of the Coca-Cola Company, a copy of which is attached with this letter.

If requested, failure to demonstrate compliance to the satisfaction of the Company may lead to de-authorization of the Supplier.

Should you have any questions on the above, please do not hesitate to call us.

**Best Regards** 

N. Ravi Prasad
